

Anatom® II is the latest iteration of our revolutionary zoning application – offering the same precise levels of specified anatomic zoning for unprecedented comfort, but also scientifically enhanced and heat-treated for superior, long-lasting strength and durability.

- **Multi-Level Comfort** – Four-plus levels of firmness within a 20% or greater range positioned anywhere within the unit.
- **Customised Solutions** – Create a unique and compelling comfort story with expanded range and height potential.
- **Anatom® Coils** – Provide an even surface that absorbs partner movement and prevents sleepers from rolling together.
- **Sustainability** – Developed to optimise wire and raw material content by providing custom support exactly where it's needed.
- **Quality Steel** – Leggett & Platt draws its own wire to ensure quality-controlled steel in every spring.
- **Packable and Shippable** – Can be compressed, folded, and rolled.

Configure your own solution with multiple firmness levels
