

Semi-Flex® performance grid foundations create an extremely efficient, stable, and ultra-supportive boxspring alternative.

- **Rigid Steel** – Reinforced one-piece design is stronger, lasts longer, and won't crack or squeak over time.
- **Rounded Corners** – Helps upholstery and tailoring, allowing for an appealing fit and finish.
- **Convenience** – One-piece design is easy to assemble.
- **Availability** – Available in different height profiles to meet any foundation need.

Semi-Flex® Performance Grid
